Out Area

Where international, state, and/or county boundaries coincide, the map shows  
the boundary symbol for only the highest-ranking of these boundaries.  
<sup>1</sup> A " " following a place name indicates that the place is also a false MCD;  
the false MCD name is not shown.  
<sup>2</sup> In 1990, the crews-of-vessel population of ships at sea was allocated to  
census tracts with a "99" suffix. An anchor symbol appeared on the 1990  
maps locating a crews-of-vessel tract. These maps show a very small area  
symbolized as a census tract with the census tract number shown near the  
area.  
<sup>3</sup> A " " following a block number indicates that the block number is repeated  
elsewhere in the block.

The map displays the 1990 county block map for Douglas County, Nevada. It features several key areas and features:

- Census Tracts and Blocks:** Tracts 47000 (Minden), 94364 (Gardnerville-Minden CCD), and 26300 (Gardnerville) are highlighted. Individual blocks are numbered within these tracts.
- Geographic Features:** The map shows roads (e.g., Highway 88, Highway 93), water bodies (e.g., Pyramid Lake, Gardner Lake), and various land use areas.
- Legend:** A detailed legend explains the symbols used for international boundaries, AIR (American Indian Reservation), Trust Land, TJSA/TDSA/ANVSA, ANRC, minor civil divisions, places within and outside subject entities, incorporated places, census tracts, and blocks. It also includes a section for features like highways, secondary roads, jeep trails, railroads, and various land features.
- Scale and Orientation:** A scale bar indicates distances in miles (0 to 3) and kilometers (0 to 6). A north arrow is located in the bottom left corner.
- Inset Map:** An inset map shows the location of the county within the state of Nevada.
- Coordinates:** The map includes UTM coordinates along the top and bottom edges.

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
